TENANT TO TENANT MIGRATION

# AMECO – A DIVESTITURE STORY

AMECO needed to separate and create new IT infrastructure, processes, and data in a timely manner during a divestiture. With access limitations and a tight deadline, AMECO called in DCG to get the job done right and on time.

**About Company:** AMECO delivers unique solutions for efficient planning and management of construction indirect products and services throughout the project life cycle to the construction and maintenance markets in North America. As the company shifted into a divestiture, they leaned on DCG to provide a comprehensive solution for their infrastructure, processes, and data needs, utilizing a strategy based on best practices, that met business operating requirements on day one and improved and modernized AMECO's IT footprint.

## Relocated all technology in 90 Days
### with zero business interruption!

## Why AMECO Chose DCG to Migrate
### Legacy Systems to New Infrastructure

- Efficiency, accuracy, efficacy, and timely execution all with minimal disruption to daily operations

- Input gathered from end users, minimizing the learning curve

- Flexible and simple licensing implementation & support from one vendor

- Continued support after Migration

- Reduced IT costs and tech debt

## AMECO'S PROJECT ACHIEVEMENTS

- Migrated databases, applications, files, and more out of physical infrastructure and onto new servers in Azure

- Deployed new on-premise network equipment and firewalls

- Moved from legacy phone systems to Teams

- Configured new laptops for all employees with ready-to-use email and SharePoint

- Removed legacy CRM and implemented Dynamics 365 for Sales

- Designed IT policies, disaster recovery plans, security policies, and more

## Dynamic Consultants Group

Simplify the tenant-to-tenant migration process
